# Communication Equipment

19" / ETSI Patch Panels

GigaCom patch panels are constructed of mild steel and powder coated with a RAL 7035 protective coat.

Arriving complete with adaptor plates to fit a 19" or ETSI rack, our patch panels offer an effective solution to your network's needs.

Available in the following connectivity/capacity;

- 12 Port SC Simplex
- 24 Port LC Duplex
- 96 Port LC Quad

Each panel comes with a removable faceplate providing sound protection and easy identification of associated patch leads.

Further variations to those described are available upon request

Material	Mild Steel
